## **GSD Food Safety Policy**

The General Soft Drinks Co. Ltd. is dedicated to safeguard its stakeholders, employees, customers, and consumers by operating in a hygienic workplace producing and selling beverages that are always safe to consume.

Our primary objective is that the beverages we supply are prepared and manufactured under [validated](#) processes, against TCCC specifications and using [raw materials of good quality](#). [All our products](#), comply with all relevant [local and EU](#) legislation, [TCCC and ISO](#) standards, HACCP principles and approved codes of practice.

To ensure best practice we have adopted a Food Safety Management System [which complies](#) to [FSSC.22000, ISO/TS.22002 and ISO 9001](#) standards, supported by operating procedures and [other types of documentation which guide or instruct all areas of our operations to work according to GMPs](#). These are based on sound science, statutory and regulatory requirements, and industry best practices.

[Through our rigorous internal and external auditing program](#), we regularly measure compliance against these standards [and strive to achieve monthly or annual KPIs to ensure customer satisfaction by meeting quality specifications and](#) assure our customers and consumers that the beverages we provide is [safe to consume and of good quality](#).

To achieve this:

- Management [and employees at all levels assume full ownership and responsibility of their respective](#) processes and ensure compliance and conformance with set standards.
- Beverages are [hygienically](#) prepared under [controlled](#) conditions, [reducing the risk of exposure to any type of contamination](#).
- All employees are provided with all information, training, and tools necessary to perform their job in a hygienic and compliant manner.
- We ensure high standards from our suppliers and conformance to our requirements from our contractors through [an effective Supplier Management system](#).

[Whilst ensuring compliance to all above points, the management is committed to keep on developing and continuously improve our processes in a sustainable manner by providing appropriate resources, encourage communication across all levels, to implementing and maintaining this policy across all the operation.](#)
